

## **Local School Construction Enforcement List**

The Local School Construction Enforcement List is a listing of those local code enforcement agencies, in conjunction with the local school board, that have received approval to locally enforce school construction within a particular school and/or school district. The list shows the local unit of government, the county it is located in, the school and/or school district it has local school construction enforcement responsibility for, and the effective date. Each approval is effective for a 1-year period from the date of approval.
